TWO ARE BADLY BURNED

Fire Starts at Five O'clock
This Morning and the
Building and Contents are
a Total Loss.

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Aug. 5.—The Blue Mountain House at Penmar, on the Pennsylvania-Maryland line, was destroyed by fire today, two guests being seriously injured. They are B. F. Metzgar and Malcolm Frank, of Norfolk, Va. The men were badly burned and bruised in attempting to escape. They were on the fourth floor and were rescued when they had gotten to the second. Both were taken to Waynesboro, Penn. in an automobile.

The fire started at 5 a. m. in the main building, driving the guests to the lawns in scanty clothing. Some of them were unable to save their belongings. The building was quickly destroyed and it was impossible to save anything in the way of furniture.

The fire had its origin in the kitchen and quickly spread to adjoining rooms and halls, thence to the elevator shaft and the floors above.

There were 175 guests in the hotel. Metzgar and Frank, who are uncle and nephew, did not hear the alarm which aroused the sleeping guests. They found themselves surrounded by fire in their room on the fourth floor and in their frantic effort to escape, they fell through a trap door into a flame-swept hall and were seriously burned about the face and head.

The hotel was built by the Western Maryland railroad company 25 years ago and in its day was one of the best known mountain resorts in the country. It was owned by a Hagerstown, Md., corporation. The loss is about \$25,000.

MUCH JEWELRY
LOST IN FIRE

(ASSOCIATED PRESS TELEGRAM)
Baltimore, Aug. 5.—About one-half of the guests at the burned Blue Mountain House were Baltimoreans. A score of these, clad in saris of all descriptions, returned to the city or a morning train. So swift was the progress of the flames that none of the party was able to save any of their jewelry or clothing. It is estimated that more than \$100,000 worth of jewelry was lost.

Mrs. B. Lobe of East Place, gave a hasty description of the first stages of the fire. "It was awful," she said. "I saw flames thrown out of the windows. We were aroused from our sleep by the sharp reports of a pistol and someone crying to run for our lives, as the hotel was afire. We did not wait, but grabbed up the first pieces of clothing that came to hand and ran from the building."

As the women left the train here they presented a sorry appearance. Wrappers and kimonos and such contrived the wearing apparel of most of them. Hair was loosely knotted on their heads and in many cases straggling down their backs.

GOVERNMENT
TO DISPOSE OF
SURPLUS LAND

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 5.—President Wilson by proclamation has authorized the disposal under the registration plan of about 1,000,000 acres of surplus land within the Fort Peck Indian reservation, northeastern Montana.

All applications for registration must be sworn to and presented at Glasgow, Great Falls, Havre or Miles City Montana, between September 1 and 20. Secretary Lane of the interior department has issued regulations authorizing the disposal, under the registration plan, of about 44,000 acres of land within the former Fort Niobrara Military Reservation, Neb. Applications must be presented at Valentine, Neb., between October 12 and 25.

CHARGECleveland Association
Causes Arrest of Henry
County Auditor

GIVES BOND FOR \$5,000

At Preliminary Hearing at
Cleveland Today—Charged
That He Attempted to
Pilfer Petitions.

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Aug. 5.—"The statement is absolutely so absurd that I do not care to dignify it with a denial."

That is the statement made early today by W. L. Finley, Democratic state chairman, when asked about the charges made in a statement issued last night by Charles S. Gongwer, of Cleveland, secretary of the Ohio Equity Association relative to charges that many political leaders are involved in frauds, in connection with the Green referendum petition activities, following the arrest of C. C. Meekison, auditor of Henry county on a warrant charging him with attempt to burglarize the offices of the Equity Association in Cleveland, Aug. 2.

Mr. Finley characterized Mr. Gongwer's statement and the arrest of Mr. Meekison as an effort on the part of the Equity Association to "come back" at the administration for defeating the purpose of the association in securing a referendum on the Green act.

According to the statement issued by Gongwer, the Equity Association has "admissions and dictograph records" which "involve many prominent politicians, several of whom hold high official positions." Mr. Finley is mentioned in the statement as one of the men against whom evidence is held.

Mr. Meekison was taken to Cleveland last night by detectives and if he said he would be given a preliminary hearing in police court there today. The opinion obtained at the capitol this morning that a preliminary hearing would be waived to allow time for counsel on the part of those at whom the charges are aimed.

Governor Cox left early today for Havana where he will make an address before a meeting of farmers. He made no statement before he left regarding the "new angle" of affairs in the referendum case.

From the attorney general's department it was learned that Attorney General Hogah will remain neutral so far as expressing an opinion as to the merits of the charges of Mr. Gongwer is concerned. He holds the position that it is his duty to assist in the prosecution of all wrong doing which obscures the state and he will hold his mind open, not forming an opinion until he has weighed all of the evidence. If the charges against Mr. Meekison are shown to have weight, he will assist in the prosecution, it was said.

Accompanied by Prof. H. D. Gould of Cleveland, a handwriting expert, Mr. Gongwer, went to the office of the secretary of state today and began an examination of a number of petitions filed for a referendum on the Green act. It was his intention, he said, to determine whether the signatures of the petitioners were genuine.

Although Mr. Gongwer declined to make a statement today he indicated that it was his belief that some of the signatures on the petitions were forged.

DENIES FRAUDULENT
OR ILLEGAL MEANS

Ashtabula, O., Aug. 5.—C. O. Smith, member of the Ashtabula board of review, who has been working against the Warner bill referendum, today denied that Meekison or any of the others opposing the referendum on the Warner bill intended to use fraudulent or illegal means to stop it.

Smith said that he was opposed to a referendum on the Warner bill because he believed that if submitted to the people it would not be thoroughly understood and would only cause agitation that could do no good.

"To be frank," said Smith, "it is a fact that wherever we have found referendum petitions being circulated we have tried to stop them but the idea of an attempted burglary to destroy petitions is ridiculous."

"If those petitions were filed yesterday, withdrawal petitions were to be sent to every county in the state today and an attempt was to be made to get some of the signers to withdraw their names."

J. B. FORAKER
TESTIFIES IN
LOBBY PROBE

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 5.—Congressional investigation of Martin M. Mulhall's story of his alleged lobby activities for the National Association of Manufacturers took on a dual aspect today when the special house committee began grilling in the thousands of letters already introduced before the Senate committee and prepared to cross-examine Mulhall on his claims of influence with various representatives.

The first part of the day was taken up with preliminary testimony by Louis Selbold of the New York World.

The Senate committee half finished with Mulhall before hearing some of the men referred to in his correspondence. Former Senator Foraker was the first and he generally denied Mulhall's claims of influence with him.

Foraker denied that he ever favored any legislation wanted by the National Association of Manufacturers or that he talked with Mulhall about legislation in Washington. He said he frequently talked with the men in the capital in those days about legislation.

"Before we got so good as we are now," he said, "I thought it was all right to answer questions. Of course I never had any idea that these conversations were to be made the basis of reports by some lobbyist."

Foraker flatly denied Mulhall's testimony of a conference at which many leading Republicans opposed to the nomination of Taft discussed for Foraker's house to discuss plans for concerted opposition.

"No such conference was held at my house or elsewhere," said Foraker. "I did not think Mulhall was as great a man as he thought he was and I did not think he had as great influence as he thought he had. I did not take him seriously as he did himself," said Foraker.

In contrast to those who have denounced Mulhall as a liar, Foraker amused his hearers by the neat way he talked of Mulhall's desire to appear with prominent men, talk with them and report what he thought they thought to his employers.

Washington, Aug. 5.—Former Senator Joseph B. Foraker was the principal witness today before the Senate lobby committee. He appeared to deny many of the statements of Martin M. Mulhall, the alleged lobbyist for the National Association of Manufacturers.

which was brought into the lobby investigation by David Lamar. Lamar testified that Foraker, through influence in the deal, at Lamar's solicitation of the reorganization the Union Pacific owed the United States \$30,000,000 and one proposal was that the government receive only part of that sum. Foraker swore that he did not figure in the case except in an effort to see that the government got the whole sum.

Foraker said he had known Mulhall since 1883 when he (Foraker) was a candidate for governor of Ohio. He did not know how active Mulhall was in his behalf in that campaign.

"I don't remember that I ever asked him to work for me and I don't know that I asked him not to," he said.

Member of Uncle Sam's Navy Gets
Letter of Commendation From
Secretary Roosevelt.

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 5.—Because J. Hill, an oiler, showed coolness and self sacrifice in the confinement where duty calls he will receive a letter of commendation from Acting Secretary of the Navy Roosevelt.

When two trains of the Pacific Electric railway telescoped at Los Angeles, July 23, last, Hills legs were pinned down by the wreckage but he used his hands in rendering valuable assistance to injured persons within his reach, and spoke words of encouragement to fellow victims of the accident.

Unsolicited reports on Hill's bravery and unselfishness were received at the navy department from the chiefs of the Los Angeles police and fire departments. The fire chief said he needed men like Hill and wanted him as soon as his enlistment expires.

NIAGARA GETS
FINE RECEPTION
AT MILWAUKEE

(ASSOCIATED PRESS TELEGRAM)
Milwaukee, Wis., Aug. 5.—The Perry flag ship Niagara, with her escort, was given a great ovation on her arrival in Milwaukee today. There was dipping of colors, blowing of whistles and ringing of bells by all craft in the harbor and in Binouan Park, Lake front, where 1500 boys dressed in red, white and blue caps and capes, representing a human flag, sang the "Star Spangled Banner." The program included a reception and luncheon for the Perry guests, and in the afternoon a red, white and blue automobile parade.

Band concerts in all the parks will feature the evening.

CASTRO FORMED
PLANS WHILE
AT DRESDEN

(ASSOCIATED PRESS TELEGRAM)
Berlin, Aug. 5.—Capitiano Castro, former dictator of Venezuela, planned his invasion of Venezuela and its details, while he was staying in Dresden a few months ago. He lived there for some time quietly with a German friend, Hermann Wolfson.

Castro arrived in Dresden on March 26, shortly after reaching Hamburg from the United States. A fortnight afterward he succeeded in making a false start in convincing inquiries that he had gone to Paris and eventually to the Canary Islands. Instead, however, he remained the guest of Wolfson and while in his house drafted the proclamation to the Venezuelan government which he issued in Coro on July 27. Castro left Dresden early in July for Venezuela.

In a letter today his friend Wolfson in Dresden wrote:

"Now that Castro has again established himself in Venezuela where the overwhelming majority of the people and above all the most important part of the army are on his side, it can scarcely be doubted that he will soon re-enter Caracas in triumph and become again the leader of the destinies of Venezuela."

STRIKING
TEAMSTERS
IN BATTLE

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Aug. 5.—Running battles between striking teamsters, sympathizers and the police early today, ended in the arrest of twenty-two of the strikers and sympathizers on charges of disorderly conduct. Hundreds of strikers and sympathizers gathered at the Kroger Grocery company's plant at Florence avenue and Eden Park entrance and threats to burn the plant were overheard by a night watchman, so it is claimed.

He telephoned to the police and a squad of detectives and uniformed officers were rushed to the place. When the automobile patrol arrived it was stoned and several holes torn in the roof. The police drawing their revolvers, charged the men. Fully 100 of the latter fled, but seven were arrested after a hand-to-hand fight with the police.

Hardly had the police returned to Central station when another riot call from the same place was received. Taking a squad of night detectives in an automobile patrol, Night Chief Stogner swooped down upon a crowd of fully 200 men, who scattered in all directions. The police succeeded in rounding up fifteen more men. They registered as drivers and teamsters and all said they "just happened" to be in the neighborhood.

HIGHEST BIDDER
WILL GET LUMBER
FROM GOVERNMENT

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 5.—Approximately 70,000,000 feet of Douglas fir, red cedar and western hemlock and 238,000 feet of cedar poles are offered for sale by the government to the highest bidder who will be given five years in which to cut and remove the timber from the Olympic National Forest state of Washington.

Stumpage prices may be readjusted by the chief forester in 1916 if lumber prices obtaining then warrant it. On one lot of the Douglas fir, no price less than \$1.65 will be considered while on the second block \$1.80 will be the minimum. Two dollars and \$2.50 will be the minimum prices for the red cedar.

FIRST SKIRMISH
OVER PROPOSED
CURRENCY BILL

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 5.—The first skirmish over currency legislation in the senate today served to accentuate the division of opinion among Democratic senators. Chairman of the banking committee, and sponsor for the administration bill in the upper chamber, was forced off the floor by Senator Hoke Smith, also a Democrat, while he was attempting to reply to an attack on immediate legislation delivered by Senator Hitchcock of Nebraska, another Democrat. Senator Smith's point of order that the tariff and not currency, was before the senate, forced Mr. Owen to yield but he announced he would reply to Mr. Hitchcock's speech later.

Commission Declares That
Track Scales of Railroads
Should be Rebuilt at Once

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 5.—Investigation of alleged irregularities and discrepancies in the weighing of freight has disclosed the imposition of unreasonable charges said to constitute a great discrimination as would a difference of freight rates.

In a report of an investigation issued today the interstate commerce commission declares that "a majority of the track scales now in use should at once be rebuilt in order to obtain reasonably accurate results."

MAY PROVIDE VESSEL

On Account of Demoralized
Condition of Railroads in
Mexico—Will Present the
President's Plan.

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 5.—Former Governor Lind of Minnesota, on his way to Mexico City at the direction of President Wilson to act as advisor to Charge Shaugnessy at the embassy there, may take passage from Galveston to Vera Cruz on the battleship New Hampshire, one of the ships of the Gulf patrol, if he desires to do so. The navy department had not yet been asked to provide a ship but is prepared to on account of the demoralized condition of railroad traffic in Mexico.

While Mr. Lind goes without any credentials, he practically will exercise the functions of a de facto ambassador. Officials will defect with much interest the tender of the reception to Mr. Lind in the Mexican capital.

Meanwhile the Mexican situation so far as Washington is concerned seems to be a waiting one.

This was made clear at the White House today. Mr. Lind carries instruction to talk informally with prominent Mexicans. Administration officials indicated that no steps toward a mediation policy would be attempted until after Mr. Lind had sounded out sentiment in Mexico and determined whether the assistance of the United States in adjusting the disputed situation would be recognized. Mr. Lind will inform inquiries on the authority of President Wilson that only the government constitutionally set up will be recognized by the United States. This involves the resignation of Provisional President Huerta in favor of the Provisional President elected by the Mexican factions, the new president to be first appointed minister of foreign relations in conformity with the law of succession in Mexico.

It was pointed out in administration circles today that while Mr. Lind's position now is that of advisor to the American embassy, he will act in reality as an unofficial ambassador to be named ambassador when a stable government is organized and recognition is extended by the United States.

Just what part Mr. Lind will take in peace negotiations is not made clear here but there is every reason to believe that he will merely represent the views of the American government to those who consult him and will not directly interfere with the progress of events, unless the Washington government finally decides to mediate the dispute.

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 5.—President Wilson has taken the first steps in the policy through which he proposes to deal with the Mexican situation. He formally accepted the resignation of Ambassador Henry Lane Wilson, to take effect on October 14, and sent to Mexico City as his personal representative—government—former Governor John Lind of Minnesota, a life-long friend of Secretary Bryan. The understanding is that when a stable government is established in Mexico Mr. Lind will be formally named as ambassador.

President Wilson and Secretary Bryan had frequent conferences yesterday. Ambassador Wilson had a long talk with Mr. Bryan, and Chairman Bacon of the senate foreign relations committee discussed the situation with the president at the White House. But, except for the announcement of Mr. Lind's mission, no explanation for the P. J. Pratt Co.

coal and lumber is made, it being alleged that shippers almost invariably get the worst of the transaction.

The commission has no authority under the law to issue an order correcting the evils disclosed but it recommends congress confer upon it powers to fix points at which track scales shall be installed; to prescribe their standard; to test or supervise the testing; and to supervise the operation of scales.

The American Railway Association in compliance with suggestions of the commission will promulgate shortly weighing regulations.

STRIKERS CONCEDED VICTORY

(ASSOCIATED PRESS TELEGRAM)
Superior, Wis., Aug. 5.—Strikers at the Alhonz ore docks at Superior have been conceded a victory and a settlement is near. J. C. Morrell, dock superintendent, said today that most of the strikers' demands would be granted. This includes a 15 cents a day increase in wages, a guarantee to place lights on all the cars that are handled at night and doing away with the open ore pockets.
At a meeting of the strikers called for today, the new wage schedule will be presented by a committee headed by F. H. Little, an organizer of the Industrial Workers of the World who has been directing the strike. The concessions made by the company are expected to be satisfactory to the men.
Under the old scale the men were paid \$3 a day for Sunday work, \$2.50 for day labor and \$2.75 for night work. They asked for \$3.50 for Sunday, \$3 for night work and \$2.75 for a day shift of ten hours.
The threat of the company to bring in new labor will not be carried out, according to Dock Superintendent Morrell, if the men start work today.
Sixteen vessels have been tied up at the Great Northern dock for the last two days waiting for ore cargoes.
Saturday there were 22 boats crowded around the dock but six have been transferred to loading points at Duluth, Ashland and Two Harbors.
The Mississippi river is 3,160 miles long and the Missouri, which empties into it, is 3,100 miles long.

TRIAL OF VIOLATOR OF WHITE SLAVE ACT BEGINS TODAY

(ASSOCIATED PRESS TELEGRAM)
San Francisco, Aug. 5.—The trial of Manu T. Dicks of Sacramento, charged jointly with Drew Caminetti with violation of the Mann White Slave Law, was called today in the United States District court. The trial of Caminetti is to follow that of Dicks.
Both pleaded not guilty to the charge July 30. Dicks is especially accused of having transported Martha Warrington from Sacramento, Cal., to Reno, Nev. Another indictment charges Dicks and his Sacramento attorney, Charles H. Harris, with conspiracy to subvert justice in preparing his defense to the charge of wife abandonment on which both Dicks and Caminetti were brought back to Sacramento from Reno.
Theodore Roch, president of the San Francisco police commission, appeared today as special prosecutor for the government. Harris had named, by Attorney General McDevitt, as former United States District Attorney John McNabb had resigned following his controversy with the attorney general over the latter's order to postpone action on the Dicks-Caminetti and Western fuel cases.

INJURED MAN MUST SUBMIT TO OPERATION

How would you like to be thrown headfirst from a motorcycle, have your jawbone fractured, your skull broken and other things done to your person, and then face the necessity of an operation after you had sufficiently recovered from the injuries to make the operation safe? That is what is in store for Leon Clapham, 20, who was injured several weeks ago near Granville. He is still at the Sanitation, though plans are being laid to remove him to his home in Westerville. Physicians have advised his family that the operation must follow after his recovery to remove pressure from his brain, which resulted from the skull fracture. The operation will probably be performed in Columbus.

WATER PRESSURE AGAIN NORMAL

Newark people breathed a sigh of relief Monday evening when the pressure in the water mains again assumed its normal height after almost 21 hours in which the pressure was insufficient to furnish any fire protection. At 2 o'clock it was high enough to provide domestic consumers with a supply of water sufficient for all needs and by supper time it had reached the maximum of 120 pounds, at which pressure it is maintained day and night. The repairs were made Monday with a view of preventing another mishap of the same character in the future.

NO EXTRA PAY

For Retired Army Officers and Enlisted Men Serving in the State Militia.
Washington, Aug. 5.—Retired army officers and enlisted men serving with the organized militia of the several states will not receive any of the \$2,000,000 annually appropriated by the federal government for the militia. They will get only their retired pay as officers and men of the regular army, according to a decision today by the comptroller of the treasury. The order affects many retired regulars who are also members of the militia.
The comptroller expressed some doubt whether a regular army officer should also be an officer of the state militia because the claims of the United States on his services are paramount to those of the states. He did not decide that question, however.

FORMER FIREMAN SAVES THE LIVES OF HIS FAMILY

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Aug. 5.—The three years training that Joseph Gambus, a locksmith of this city, received in the fire department at Budapest stood him in good stead early this morning when a fire broke out in his home. The smoke was so thick when he discovered the blaze that it was impossible to get his family, consisting of his wife and four children, to safety through the ordinary exits. He lowered a rope from the third floor and sent his wife and two oldest children down to safety on it. Then he put the two other babies in a pillow slip, tied it to the rope and lowered this. He then lowered himself. None was injured, although the part of the house in which they lived was destroyed.

FREE TRIP TO OHIO STATE FAIR FOR TWO BOYS

Model Farm Boys Camp Established on State Fair Ground First Week in September.

On Saturday, August 16, at the court house, 10 o'clock a. m., two boys will be chosen from each county to attend the Ohio State Fair. The State Fair will pay all expenses of the trip. A model farm boys' camp will be established on the State Fair Grounds, under the control of the Adjutant General of the State.
This is the third year for this feature. Other states are doing likewise. It is encouragement for the boys. In counties where one or more free trips to Washington are offered to boys who enter into the acre of corn contest, only those boys entered, are eligible to compete for the State Fair Free Trip.
The boys must bring note books and visit each department of the State Fair and write a story of his trip. The boys who win this trip must also appear on the program of any public meeting held in his county, if he is invited to do so, and tell the story of what he saw and learned.
On Sunday before the Fair the boys will be the guest of Warden Thomas at the State Penitentiary church services, after which they will be shown all parts of the big prison.
At 8 o'clock Sunday evening, in the shadow of the old cabin in which U. S. Grant was born, the boys will be addressed by the Governor of Ohio, the Chief Justice of the Supreme Court, and the Mayor of Columbus. This sunset meeting will be made highly instructive, and will be a red letter event in the life of the boy who is so fortunate to win it.
The following persons will have a vote in selecting the two boys: County Commissioners, County School Examiners, President and Secretary of County and Independent Fairs, President and Secretary of County Teachers' Institute, Masters of Granges, President and Secretary of County Sunday School Convention, President and Secretary of each regular and Independent Farmer Institute, President and Secretary of Farmer Pioneers that have been organized for two years or more, each newspaper, and President and Secretaries of Pomona, Granges, Pioneer Associations and Farmers' Mutual Insurance Companies. Presidents, Secretaries and Township Vice Presidents of County Crop Improvement Associations. Persons or firms offering a free Washington trip to have one vote for each trip offered. In case the money for the free trip was raised by subscription the officer or person in charge of the subscription to have the vote.
The delegates will meet at the county court house, August 16, 1913, at 10 a. m.
Said delegates shall select a President and Secretary and proceed to elect two boys to receive the Free Trip to the Ohio State Fair. Each delegate present to have one vote. No proxies.

EQUITY

(Continued from Page 1.)
Kilpatrick tax law referendum petitions from his office, was arraigned before Justice Calvert here today on a charge of attempted burglary. He pleaded not guilty. A hearing was set for August 12 and his bond was fixed at \$5,000, which his attorney immediately set about arranging. W. H. Roy of Cleveland was Meekison's counsel. William H. Miller represented the Ohio Equity Association. Meekison was brought here from Columbus early today.
Officers of the Ohio Equity Association say that 100-odd arrests will be made in connection with the case, declaring that detectives armed with John Doe warrants are now searching in the southern part of the state for the alleged guilty parties.
A surety company furnished bond after his hearing. He went into a conference with his attorney and it was announced that he might make a statement later in the day.
Following the conference of Meekison and Boyd, the latter announced in behalf of his client that "Mr. Meekison is innocent legally and morally of any wrong doing in connection with the referendum cases and will fight the charges against him to the bitter end."
(ASSOCIATED PRESS TELEGRAM)
Cleveland, Aug. 5.—Brought here from Columbus, where he was arrested last night on a charge of attempting to remove petitions calling for a referendum on the Warnes and Kilpatrick tax laws from the offices of the Ohio Equity Association in Cleveland, C. C. Meekison, auditor of Henry county, today was held in custody, preliminary to his arraignment before a magistrate, set for 10 a. m.
C. C. Gongwer, secretary of the Ohio Association, says that Meekison's arrest followed the discovery of a plot in a Columbus hotel. Meekison, prominent in state Democratic politics, is alleged to have entered the association's rooms in the Leader-News building here for the purpose of securing the petitions.
A coterie of detectives belonging to the same organization that handled the legislative bribery cases investigated the present case. A familiar telephone device used then was installed next to a room in the same hotel in which the legislative scandals were unearthed. The allegations made that part of state-wide fame met in this room and planned the descent upon the Equity Association's offices. The telephonic device is said to have revealed the alleged plot and a trap was set.
Meekison with three others, is said to have entered the association's office on last Saturday night. No arrests were made because immediate publicity was not desired.
Meekison's hearing before Justice Calvert at 10 o'clock may result in three other arrests. Many John Doe warrants have been issued. Gongwer says many prominent men will be involved.
Detectives employed by the Ohio Equity Association in the Meekison case, say that the arrest of the latter is only an incident in the unearthing of an organized plot of politicians to prevent the passing of the Warnes and Kilpatrick petitions. They say that by the use of telephonic devices they obtained evidence in Toledo, Columbus and Cleveland that will implicate any number of men, and that state officials of the utmost prominence will find that their names have been drawn into the matter.
They allege, among other things, that the so-called organization held meetings, collected money, and used it to bribe referendum petitioners to sell out and forge names, to steal petitions already filed out, and to make fake petitions of their own to be switched in with genuine ones.
Conversations taken down are said to show statements from officials to the effect that in stealing a petition no crime was committed since a petition has no value.
Two professional burglars are alleged to have taken part in the visit to the Ohio Equity Association's offices last Saturday night.

made that part of state-wide fame met in this room and planned the descent upon the Equity Association's offices. The telephonic device is said to have revealed the alleged plot and a trap was set.
Meekison with three others, is said to have entered the association's office on last Saturday night. No arrests were made because immediate publicity was not desired.
Meekison's hearing before Justice Calvert at 10 o'clock may result in three other arrests. Many John Doe warrants have been issued. Gongwer says many prominent men will be involved.
Detectives employed by the Ohio Equity Association in the Meekison case, say that the arrest of the latter is only an incident in the unearthing of an organized plot of politicians to prevent the passing of the Warnes and Kilpatrick petitions. They say that by the use of telephonic devices they obtained evidence in Toledo, Columbus and Cleveland that will implicate any number of men, and that state officials of the utmost prominence will find that their names have been drawn into the matter.

EMISSARY

(Continued from Page 1.)
nation of the policy to be pursued by the American government was forthcoming. The statement from Secretary Bryan read:
"Ex-Governor John Lind of Minnesota has been sent to Mexico as the personal representative of the President, to act as adviser to the embassy in the present situation. When the President is ready to communicate with the Mexican authorities as to the restoration of peace, he will make public his views. Governor and Mrs. Lind departed for Mexico last night by rail, to proceed via New Orleans or Galveston.
It became known that another announcement would be made by President Wilson in a few days, possibly on the arrival of Mr. Lind in Mexico City.
It is said the President is observing with keen interest the efforts of leading Mexicans to bring about peace, and will offer no suggestions until these apparently prove futile. That Mr. Lind will be empowered to explain to all inquirers the unalterable opposition of the American government to the recognition of the Huerta administration is expected to be a factor which may assist the situation.
Prominent Mexicans have taken it upon themselves to try to persuade General Huerta to retire in favor of another provisional executive, acceptable to all factions.
Meanwhile, arms and munitions of war from the United States will continue to be denied to the two warring forces and unless it is apparent that internal efforts to bring about peace have failed the United States will not offer its services as a mediator. Mr. Lind will undoubtedly act in that capacity when the time comes.
Declarations from both Huerta and Carranza have been made in the press rejecting mediation proposals, but administration officials realize that both sides fear they may be showing weakness in the acceptance of such a proposal at this time and are not convinced that friendly effort to mediate would prove ineffective. Officials here hope that the effort to put an end to bloodshed and destruction of property would appeal to public opinion in Mexico and unite the factions on a peace program.
An article of an affirmative nature came from President Wilson or Secretary Bryan to indicate what the future policy of the Washington government would be, though the acceptance of the resignation of Ambassador Henry Lane Wilson settled finally that his recommendations for recognition of the Huerta government after a period of military co-operation in Northern Mexico on the part of the United States to restore peace had been rejected.
It is said there was a lively dispute between Secretary Bryan and Ambassador Wilson over the form of the latter's resignation. Mr. Wilson demanding some statement of commendation for his services in Mexico during the troublous scenes that occurred there. Bryan later talked with the President but the latter refused to make any change in the formal resignation.
Mr. Lind, who has been in Washington for the last three days, has talked with President Wilson and Secretary Bryan and obtained their views of the situation. Mr. Lind is a lawyer by profession and was a member of congress from the fifth to the fifty-second sessions, being a colleague of Mr. Bryan. He was a Republican while in congress but was elected Governor of Minnesota from 1899 to 1901 on the Democratic ticket. He was defeated for re-election and went to congress again from 1903 to 1905 from the Fourth Minnesota district as a Democrat. He is president of the board of regents of the University of Minnesota.

BLEW A SAFE LEFT UNLOCKED

(ASSOCIATED PRESS TELEGRAM)
Marietta, Ga., Aug. 5.—The rolling mill of F. J. Beasley at Amesville, Athens county, west of here, was badly damaged last night by an explosion of dynamite when an attempt was made to blow the safe in the office of the plant. A man was seen running from the plant and although pursued, he escaped. A posse is now searching the woods for the robber who failed to get any money.
The safe was not locked and easily would have yielded without the discharge of dynamite.

CLAIMED TO BE WIFE OF APPLICANT

Marriage License Refused Young
Man Because Another Woman
Claimed Him as Husband.

A marriage license was refused by Judge Hunter in Probate court Tuesday morning to Alonzo H. Thompson of Newark, who claimed to be a B. & O. fireman and Miss Hazel Fern Bullock of St. Louisville.

The parties applied for the license Monday afternoon and owing to a rumor that Thompson was married, it was not then issued.

Thompson came to Newark about two weeks ago and was an employee of Wm. Zentmeyer. A Columbus woman who claimed to be the wife of Thompson was present in probate court Tuesday morning. She stated that they were married in Columbus two years ago but could produce no records. She said that Thompson had destroyed their license. Thompson's parents as well as the father of Miss Bullock were present and gave their consent to the proposed marriage.

Miss Bullock is a prepossessing young woman of 17, who has been for a short time making her home with a well known family in Granville. Recently the family with whom she had been living went to their Buckeye Lake cottage and it was at Buckeye Lake park last June that she first met Thompson, who is about 23 years of age.

Miss Bullock was dumbfounded when she heard the report that Thompson was married but she looked at the matter philosophically and is by no means heartbroken at the outcome of the case. The Columbus woman was present in court Tuesday and her aunt Mrs. Hollingsbury of this city was also present. She was emphatic in telling of her niece's relations with Thompson and it was largely upon her statement that the license was refused. Thompson's parents who were present in court declared that the young man had not been married to the Columbus woman.

Miss Bullock and her father, however, were convinced that the court was right in refusing the license and when they left the court house were apparently well satisfied with the course of events.

DIES OF WOUNDS RECEIVED FROM HIS ASSAILANT

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Aug. 5.—Frank Fitzgerald, 32, died at the city hospital today as the result of injuries received when he was attacked on Vine street several days ago. He sustained a fractured skull. The coroner is investigating the case. Frank Handy, who was arrested in connection with Fitzgerald's injuries, became ill suddenly in his cell at the First District Police station and was removed to the city hospital almost at the exact moment that Fitzgerald died. He is charged with assault to kill.

THE "BLUES" A Lady Finds Help from Simple Food.

Civilization brings blessings and also responsibilities. The more highly organized we become the more need there is for regularity and natural simplicity in the food we eat.

The laws of body nutrition should be carefully obeyed, and the finer more highly developed brain and nervous system not hampered by a complicated, unwholesome dietary.

A lady of high nervous tension says:

"For fifteen years I was a sufferer from dyspepsia. I confess that an improperly regulated diet was the chief cause of my suffering. Finally, nothing that I ate seemed to agree with my stomach, and life, at times, did not seem worth living.

"I began to take a pessimistic view of everything and see life through dark blue glass, so to speak. My head became affected with a heavy creeping sensation and I feared paralysis.

"Palpitation of the heart caused me to fear that I might die suddenly. Two years ago, hearing Grape-Nuts so highly spoken of by some estimable friends of mine, I determined to try it.

"The change in my condition was little less than miraculous. In a short time the palpitation, had feeling in head and body began to disappear and the improvement has continued until at the present time I find myself in better health than I have ever enjoyed.

"My weight has increased 20 lbs. in the last year and life looks bright and sunny to me as it did when I was a child."

Society

One of the most enjoyable events of the season was a surprise shower given Mr. and Mrs. Raymond F. Wilson of West Church street on last Thursday evening by several members of the American Insurance Union of which they are both members. They were the recipients of many beautiful and useful presents. Euchre was the game of the evening, and at 10 o'clock delightful refreshments were served and furnished by the self-invited guests.

Those present were Mr. and Mrs. J. M. Spettel and daughter Mabel, Mr. and Mrs. H. B. McLoughlin and son, Ralph, Mr. and Mrs. L. R. Cook and children Ervin and Arthur, Mr. and Mrs. Wlen, Mrs. Anna Bowman and daughter Hazel, Mrs. Elizabeth Bell, mother of the bride, and the Misses Serena Groves, Lizzie Webb, Wynona Jenkins, Augusta Bieber, and Alma Steinhaur, and Messrs. Clarence Miller, Earl Wright and Howard Holtsberry and hostess, Mr. and Mrs. Raymond F. Wilson.

The Royal Neighbors Sewing Circle will meet with Mrs. Ida Swisher, 44 Maholm street, Wednesday afternoon at 2 o'clock.

The members of the Tuesday Afternoon Bridge club are being entertained this afternoon at the home of Mrs. C. Harrington Davis.

Announcement was made by Mrs. C. E. Anderson of the engagement of her daughter Miss Ann to Hugh M. Hay, at an informal five o'clock tea given at her home in Coshocton. Both the bride to be and her fiancé are well known in Newark, having been guests at Newark homes on several occasions.

The marriage will take place this fall. The tea given by Mrs. Anderson also honored Miss Margaret Agnew, who will marry Mr. Lee Williams next Saturday.

Mr. and Mrs. Carl Swisher, Miss Louise Jones and Floyd Adams of Newark motored to this city Monday in the Adams car and spent an enjoyable day at the home of S. I. Adams in the Gourley apartments.—Coshocton Times.

SANFORD-McCONNELL.
Monday evening Dr. Sparks joined in wedding Mr. George F. Sanford and Mrs. Margaret C. McConnell, both respected residents of this city. The happy event took place at the pastor's home on North Fifth street and was witnessed by Mrs. Dora Trace, a sister of the bride. The friends of Mr. Sanford and his bride will be glad to offer congratulations. They will reside in this city.

DELIVERY WAGON DRIVER FIGHTS A CUSHION FIRE

When Ralph Moore, driving Gleichauf's delivery wagon, proceeded sedately up East Main street this morning, surrounded by the fragrant smoke of a burning rag, his tin ear was unfortunately located on the south side of his head, from which direction came warning cries of "fire" from the crowd of curious spectators who had gathered to witness the unusual spectacle. It seems that Ralph was enjoying a quiet smoke in the shadow as it were, of a large breakfast, and was so intent upon getting the utmost satisfaction out of the affair, that he did not deign to notice the flames which were sweeping over the cushion at his side and giving forth smoke even more pungent than that of the weed he was pulling. The heat of the flames, however, soon roused him and after fanning the fire with derogatory gestures of various kinds, he seized upon the idea and the other half of the cushion and soon extinguished the flame and more or less of the smoke. Several men, who were running after the wagon, believing that Ralph was asleep, were soon convinced otherwise, as his activity in reducing the ravages of the conflagration more than balanced his apparent drowsiness of the earlier moments of the affray.

PRESENTATION TO SUPERINTENDENT OF CONSTRUCTION

As an evidence of the high esteem in which E. H. Ringer is held by the workmen with whom he has come in contact during the process of construction of the Grant street and South Fifth street school buildings, Mr. Ringer was presented with a handsome gold chain and charm Tuesday noon by the carpenters, painters and plasterers who have been working on the buildings. Mr. Ringer is superintendent of construction on these buildings and the work is about completed. He represents the Dawson Construction company, contractors.

He was surprised at noon, Tuesday with a request for a conference with his men. His fear of a strike, if he had any, was quickly dispelled when Marion Squires, carpenter foreman, stepped forward and in a neat speech presented the chain to the superintendent. Though taken completely by surprise, Mr. Ringer quickly regained his composure and made a neat speech of acceptance in which he expressed his appreciation of the spirit which prompted the gift. U. S. Rooser, foreman of the painters, also made a few remarks in which he emphasized the feeling of good fellowship which has prevailed among the workmen who have been zealous in their efforts to aid the contractors in completing their work on time.

The buildings will be completed in time for the opening of the fall term of school in September. They will provide accommodations for hundreds of pupils who have been crowded into other school rooms in the past.

FARMER'S WIFE ALMOST A WRECK

Restored to Health by Lydia E. Pinkham's Vegetable Compound—Her Own Story.

Westwood, Md.—"I am a farmer's wife and do most of my own work when I am able. I had nervous spells, female weakness and terrible bearing down pains every month. I also suffered much with my right side. The pain started in my back and extended around my right side, and the doctor told me it was organic inflammation. I was sick every three weeks and had to stay in bed from two to four days.

"It is with great pleasure I tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I have followed your directions as near as possible, and feel much better than I have felt for years. (By Staff Correspondent.)
Summerland Beach, August 5—Nearly two thousand people were held spell-bound Monday evening by the legendarian of the great wizard of the American platform, Germaine. The noted man of mystery took his great audience into the realms of enchantment and demonstrated marvels in mind reading and telepathy such as are rarely seen.

Few artists of this nature are able to make a success of an entertainment on an open Chautauqua platform where the work on the stage can be viewed from every angle. Germaine has spent his whole life in the study of mysteries and sleight of hand and throughout his lecture keeps up a running fire of fun and humorous comment.

His special launch carried an elaborate stage setting and he was assisted in his work by a piano soloist and a helper who was somewhat of a wizard himself in handling the settings and paraphernalia. Germaine needed no introduction to the patrons as he was on the program last year and his entertainment proved a great drawing card this year. Mr. E. E. Haskins acted as platform manager in the absence of Dr. Rose.

Prof. Galand A. Bricker delivered a helpful lecture in the afternoon on the subject "The Rural Church Problem in Perspective." Mr. Bricker is Assistant Professor of Agricultural Education in Ohio State University and as a member of the Department of Agricultural Extension in the State College of Agriculture, he has devoted a considerable time to a study of the problems of rural churches.

Prof. Bricker's lecture was full of

apt illustrations and instances of his work and experience with the country church. In many cases, according to the great agriculturist, the country church is feeble because there are too many of them in proportion to the population. The rural church must be centralized. Many of these churches stand idle from one end of the year to the other because they are too weak to support a pastor. The country church must also do more in the social way. The church members must get together and co-operate. The pastor of such a church must make a study of the needs of his congregation. He must understand farming and enough of agriculture in general to be able to get into the life of the community and help solve the problems which the members of his congregation are confronted with in every day life.

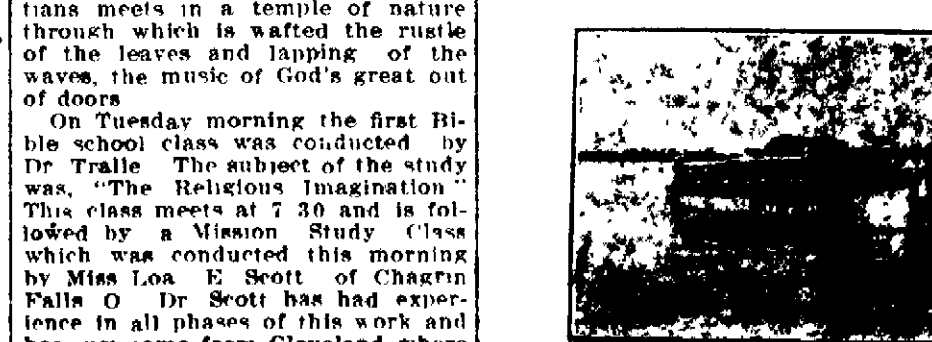

One of the most inspiring services in connection with the work at Summerland Beach is "Vespers" at 6:30 each evening. The little grove on the very edge of the beach is used as a meeting point and benches are placed facing the lake where the audience is usually favored with a most beautiful sunset while the service is conducted. The panorama here is unsurpassed and in favorable weather this body of earnest Christians meets in temple of nature through which is wafted the rustle of the leaves and lapping of the waves, the music of God's great out of doors.

On Tuesday morning the first Bible school class was conducted by Dr. Tralle. The subject of the study was, "The Religious Imagination." This class meets at 7:30 and is followed by a Mission Study Class which was conducted this morning by Miss Lea E. Scott of Chagrin Falls, O. Dr. Scott has had experience in all phases of this work and has just come from Cleveland where she conducted a large class.

A Rural Life Conference was con-

ducted at 11:30 by Dr. Chas. B. Taylor. Dr. Taylor's work was in line with the lecture given by Prof. Bricker Monday afternoon and in the discussion he considered the practical side of the consolidation of country churches.

Wednesday morning at 10:45 the third of these conferences will be conducted by Dr. N. W. Stroup, considering the "Living Wage for Rural Pastors." In the afternoon Wednesday, a program will be rendered by the Miller Concert Company. Mr. John B. Miller who is with this com-

who volunteer their services in the work.

The school offers its work in two sections. The first section is devoted to work in advanced grades and is designed to meet the needs of pastors and officers. In the second, the Elementary Section work is required in the attendance upon a certain number of lectures and the students are expected to take notes. Certificates are given at the close of the term.

BABY'S HANDS TIED.

Mother Tells How Saxo Salve Conquered Eczema.

"Last fall we noticed small rough and red spots coming on baby's hands. The skin was very dry and she kept scratching them until they would bleed. We lost a good deal of sleep with her. Finally we took her to the doctor and he treated her several weeks, but it kept spreading until we had to keep her little hands tied and dress and bandage them several times a day they were so sore, and we used everything we could hear of for eczema. Finally our druggist told us about Saxo Salve. We tried it and one and a half tubes has entirely cured her. Her little hands are cured and not even scarred, and we are so glad to tell others what Saxo Salve has done for us." Mrs. Mort Stephenson, Lebanon, Ind.

You cannot do better than to try Saxo Salve for eczema, tetter, ringworm or any skin affection—we cheerfully give back your money if it does not help you. Frank D. Hall, druggist, Newark, O.

CHIROPODISTS IN CONVENTION IN NEW YORK CITY

(Associated Press Telegram)
New York, Aug. 5.—More than 100 members of the National Association of Chiropodists, some of them coming from points as far distant as San Francisco, are holding a three-day convention here with the principal business in view being a campaign to obtain uniformity in the various state laws relating to chiropody. New York state and New Jersey statutes are held up as models.

Charles Stevens, one of the speakers, declares that the medical profession took a very responsible part in the contest shown in many cities for chiropody. He and other speakers urged that the practice of chiropody be brought to a higher plane.

Clara S. Houston, known in Chicago as the girl with the perfect feet, is one of the delegates to the convention.

Maryland expects to complete 500 miles of new state roads system this year.

ELKS TO HAVE BATHERS PARADE AT CEDAR POINT

Splendid Train of Fine Equipment Secured for Elk Excursion—Public Invited.

The committee for the Elks' annual excursion to Cedar Point has about completed all arrangements for this excursion which leaves on Thursday morning, August 14th, by B & O at 6 o'clock sharp. Mr. Bartholomew, local agent, has assured the committee that the equipment will be first class in every way and the special train is expected to be one of the finest that has ever left Newark, making only two stops for passengers, Utica and Mt. Vernon.

Thursday is the big day at the Fifteenth Annual Reunion Ohio Association R. P. O. Elks. One of the features on that day being the annual bathing suit promenade at high noon headed by the Mansfield lodge No. 56 and Professor Ludwig Wolf's military band.

The committee is pleased to announce that they have secured a low rate of \$1.50 for the round trip, children—75 cents. The public is cordially invited to join the Elks on this excursion and from present indications, ten cars at least, will be required to handle the crowd which will undoubtedly go. Tickets for the excursion will be on sale the next few days at several of the stores where they can be purchased.

BAND WILL GIVE CONCERT ON THE PUBLIC SQUARE

Arrangements have been completed for the band concert, which will be given on the public square Wednesday evening by a band composed of the Musicians' Local. The concert will be given in North Park Place and a band of twenty-five pieces under the direction of William H. Reynolds will render a program made up of popular airs and noted compositions.

A rehearsal was held on Monday evening and all the members of the band were present. The concert is the result of an effort of the members of the Musicians' Local to boost Newark, and the services of the players are donated. The following is the program for Wednesday evening:

"The Store of Newark, O.—Where Quality Counts"

HOME COMING IS PLANNED BY ODD FELLOWS

A big home coming and reunion for all Licking County Odd Fellows is being planned by Newark lodge No. 622, I. O. O. F., the date to be announced within a short time. Monday night these plans were talked over at the regular meeting of the members of Newark lodge. Grand Master Kountz of Zanesville and Grand Secretary Lyman of Columbus were guests of the lodge and gave inspiring talks in favor of the project. It is planned to invite high state officials to attend the reunion and all former Licking county Odd Fellows.

TO REDECORATE FOYER OF THE AUDITORIUM

The trustees of the Auditorium theater have completed arrangements to have the foyer of the Auditorium theater redecorated. The work will commence next week, and it is probable the side walls will be done in red and white. The gallery stairway will be replastered and redecorated.

The running of the pictures will be continued during the repairs.

A BUSINESS BIRTHDAY

To be in business in one line and in one town continually for twenty years is a good fortune that very few ever attain and among the few who enjoy this record is Mr. Henry Beckman of the Sample Shoe Shop. On the 8th of August, 1893 Mr. Beckman opened the doors of his small store to cater to the shoe needs of the people of Newark. This store laid the foundation for the twenty years of successful merchandising that is characteristic of the Beckman store today and was located on the East Side of the Square, just north of Main street. From this small store Mr. Beckman's business grew until a change of quarters was necessary and he was compelled to employ clerks to help out. He moved the store from the East Side of the Square to the West Side in one of the rooms that was located where the Newark Trust Building now stands. In spite of the fact that a fire in an adjoining room almost forced him to close the doors his stock being badly damaged by water, he managed to stem the tide and relay the plans for a bigger and better business. In this respect Mr. Beckman still stands above many merchants as he is continually striving for a bigger, better business and is always abreast of the times as is witnessed by the multitudes of friends that repose their business confidence in him. Feeling that the quarters were too small to accommodate the growing business Mr. Beckman after an extended search for other quarters, moved to No. 7 West Side Square where his business continued to grow in proportion to the rapid strides that Newark was making and he was compelled to seek larger quarters so he again moved, this time to his present location, No. 9 South Third street, West Side of the Square, where he has been for eleven or twelve years. The Beckman store at the present time occupies the biggest part of three floors, having in addition to the regular first floor departments a sales room on the second floor to accommodate men's heavy goods and winter specialties and employs eight people regularly and a large force of extra clerks on Saturday. The quarters now occupied by Mr. Beckman have been remodeled from time to time and it is only by the most rigid devotion to the latest systems of stock merchandising that the needs of the legion of patrons that he cares for. Mr. Beckman will be glad to see all of his many friends of the twenty years and it is particularly pleasant to meet the young men and women who twenty years ago were wearing their first pair of baby shoes. In the last two years the business has been greatly added to as the years of 1911 and 1912 are the record years for increase in the business and attest to the popularity and merit of the present system of business where quality has been made the primary requisite of every article.

Subway Bond Issue May be Voted on at General Election

Newark people will in all probability get an opportunity this fall to vote upon the proposition to issue bonds to pay the city's portion of the proposed subway improvement. This was indicated Monday night in a statement made to council by City Solicitor Roderic Jones. Mr. Jones told the councilmen that Engineers Maetzel & Simpson of Columbus had advised him that the plans ultimately agreed upon by the city's engineers and those representing the railroads had been forwarded to the heads of the two railroads interested and that final action by those officials was expected soon.

"It is probable," said Solicitor Jones, "that these plans may be finally improved before council's second meeting in September. This will make it possible for council to pass the necessary legislation to submit the bond issue to the vote of the people at the general election in September."

The development in the subway matter was probably the most interesting bit of information to be gleaned from the first August meeting of council. It was the last matter discussed before the meeting finally adjourned and the information came in response to a request from Councilman Prior who inquired what the subway situation was.

The council meeting was light, the entire session consuming but about 40 minutes and the subway matter was the only exciting incident except that which developed after adjournment showing that some one had mistaken Clerk Franklin's hat for a waste basket and had filled it with crumpled paper.

There was little business on the table when President Rossel called the meeting to order. This was disposed of in short order.

The street committee reported favorably on the matter of opening an alley running north and south between Pine street and Bowers avenue. The report was adopted.

Mayor Swartz submitted his monthly report showing collections in his office for the month of July as follows:

City Cases.
Fines collected \$ 65.00
Licenses collected 20.00
Other collections 150.00
\$235.00

State Cases.
Fines collected \$225.00
Mayor's fees 106.00
Officers' fees 53.00
\$384.00

Mayor Swartz also reported to the council that he had served notice on the Sandusky, Mansfield & Newark, (R. & O.) railroad of the passage of a resolution appropriating a right of way across the company's tracks for the extension of Norton avenue.

City Solicitor Jones reported officially of the city's victory in the suit against the gas company. The report thanked council for its liberal appropriation which made possible the employment of experts to assist in the preparation of the case.

City Engineer Wells reported that

he had estimated the cost of the Seventh street sewer to be \$450.55.

Clerk Franklin reported that notices for sidewalks on Ohio, Jones and Barclay streets in Texas had been served on the property owners.

Hon. Wm. E. Miller of the school board addressed council asking what the situation was regarding a sewer in Maple avenue. He urged that council relieve the situation by legislating for a sanitary sewer, which would be of benefit to residents as well as the new school building in that locality.

A resident of Eleventh street district urged prompt action in the matter of the Eleventh street sewer.

Twenty members of the fire department signed a petition approving the semi-monthly payment plan for city employees.

Seventeen residents of "Texas" submitted a protest against the construction of sidewalks. They asked for an outlet from Texas to East Newark.

An ordinance by Mr. Payne granting Frank Taylor permission to erect a porch in front of 303 and 371 East Main street. The measure was passed under suspended rules.

An ordinance by Mr. Stasel providing that all municipal employees shall be paid semi-monthly was passed under suspended rules. This measure makes the city ordinance comply with a state law recently passed.

A petition asking the city to grade Allston avenue and place gravel on the street, incl. all sidewalks and two street lights was received and filed.

An ordinance by Mr. Meitz on second reading providing for the south side of Neal avenue was placed on its third reading and passed.

A resolution by Mr. Keller to read a sewer in Seventh street was read for the first time. The plan and estimates have been submitted by Engineer Wells.

Councilman Keller explained that the council resolution of this sewer was necessary to clear the way to pave the street. It was passed under suspended rules.

City Solicitor Jones stated that the plans ultimately agreed upon by the engineers for the city and railroads had been sent to the head officials of the companies and that it was probable that the officials would pass on the plans before the second meeting in September. This will enable council to pass the necessary legislation to submit the proposition to issue bonds for the improvement to the voters at the general election in November.

**BOLT SHATTERS
POTATO MASHER**

Fredericktown, Aug. 5.—Lightning struck a big locust tree at the doorway of Mrs. Sadie Burn's home Sunday, tearing off a large limb, which fell on the house.

The lightning followed the limb and entered the kitchen, going down the wall, where it tore off a quantity of plastering. The fluid hit a potato masher, converting it into toothpicks, upset several dishes and did other pranks, but did not do much damage. None of the members of the household was affected.

WILD WEST SHOW AT BUCKEYE LAKE

For the entertainment of the crowds which are frequenting Buckeye Lake Park this summer in greater numbers than ever before, Manager Harris has secured an engagement of Tiger Bill's Wild West show for next Wednesday, Thursday, Friday, Saturday and Sunday. The show is not large, but it is unique in its class, and its cowboys are of the genuine Western brand.

Old Denver Peg, ex-stage driver, who lost his right leg as a result of tortures inflicted when he was captured by Indians, left Buckeye Lake Park yesterday after making arrangements to open the show. Old Denver Peg is not the only notable with the show. Tiger Bill himself was formerly a scout in the government service, and his real name is Col. E. D. Snyder. Mexican Joe Clark served through the Spanish American war with Roosevelt's Rough Riders, and was once entrusted by Col. Roosevelt with an important message, which he carried through the enemy's lines. Clark essays to ride any horse or steer brought to him at the show.

The numerous amusement features introduced by Manager Harris, together with the improvements he has added to the park, have resulted in drawing an attendance not only from Newark, Columbus and nearby towns, but from all over the state.

The special nights at the pavilion have proved very popular. Every Tuesday evening the "Eve Carnival" is the attraction. Prizes in gold are given to the couples most attractively dressed in white. Parkers orchestra plays and sings every afternoon and evening.

John McCordie's orchestra from Keith's Columbus, furnishes cabaret entertainments from the park band stand on Sunday afternoons and evenings. Several outings of statewide interest are scheduled for the remainder of the season.
